Assessor Comments	Gilliland Livestock Marketing offers a neat line of 20 Charolais cross steers. After grazing on the native pastures at Mt Archer in South East QLD these steers present in store condition and have a large frame ready to take on to heavier weights. 100% weighed and mouth to average 447kg at delivery, with the main percentage of them being solid milk tooth steers and only 6 just breaking their 2 teeth. Overall, a very quiet well handled line of steers with plenty of quality and compensatory gain. Buyers please note these steers are pre-treated and vendor will guarantee clear of the dip.
