Excellent cattle to handle as is the norm at Glenruben. Properly weaned and yard trained these steers flowed through the

	entire assessment process. A very odd steer got slightly agitated on the scales but settled immediately on release.
Handled With	Bikes , Vehicles
Assessor Comments	Once again the annual draft of Glenruben Angus steer weaners being offered on account the Corrigan family with this years draft right up there for quality with any of their previous offerings. Yard weaned and race trained these tops of the drop steers were a pleasure to handle and given the opportunity will finish with big weights at a young age. Proven performers bred from roomy females with 70+ years of Angus breeding, these steers have ample length and shape and are bred in the rolling hills of Woomargama and come with a PCAS Grassfed & Antibiotic Free declaration at buyers request. Noted a very odd steer with warts and an odd steer with old ringworm scarring.
