	Steers were good to handle in bigger yards, when Steers had pressure applied they would panic to surge forward in the race. Once Steers returned to the mob they then settled.
Handled With	Bikes , On foot
Assessor Comments	Buyers a line of Speckle Park cross Steers. These Steers show very good weight for age and show to be good soft easy doing types, these Steers would suit to feed for the Domestic market or continue to take through to heavier weights to suit Export and MSA programs. Noticed at assessment 1 Steer had little warts around his neck which did not seem to effect him. Please note same vendor same sale has another lot in this sale which could be used as a truck filler.
