Assessor Comments	Toolleen Angus Stud is offering 2 Angus weaners av 277kgs at assessment. These calves have had all relevant husbandry treatments, and having been ran only on improved pastures, what you see is what you get. They are twins and were weaned early June and are 11 months old. These calves have generations of breeding and genetics on both the sire and dam sides of their pedigree. This opens up an opportunity to secure quality heifers for future breeding opportunities. Please see the attached link for EBVs and animal information. For more information please contact Vendor, Joe 0433 452 386 link to details on individual heifers and their breeding in Links
