Assessor Comments	Very good quality line of Angus heifers from the highly regarded Springwaters herd. These heifers show great stretch and bone for age and have a history of growing into great matrons. There is a total of 79 heifers being sold over two lots in this sale with this lot being the lead 46. These heifers are normally retained in the Springwaters herd but are being sold this year due to surplus numbers and this sale represents 80% of the total drop of 2021 heifers. A great opportunity to secure some top genetics that are not normally offered for sale.
