Assessor Comments	High quality line of Dunoon & Rennylea Blood Autumn Drop Angus Steers from a very good herd. Steers averaged 422kg (356-506kg) at assessment. These steers are ideal to go onto feed now or grow out to heavy grassfed finished weights. They have been bred from high performing Dunoon & Rennylea sires, with a focus on growth (400 and 600 days), IMF and grass/ grain indexes. Big Springs Pastoral cattle have a good reputation for marbling & was identified as one of the top 100 beef producers by M.S.A. Please note: 1 Red Angus steer in the line which weighed 504kg, second highest weight (purchaser option).
