Extremely quiet and well handled cattle , would suit all clients, especially people with with small herds.

Assessor Comments	This is the final lot of calves whose mothers were outside the usual calving patern for this Vendor, with a portion of the foundation dams Angus crossed with Hereford, Shorthorn and Limousine. They have come through a very cold and wet winter and are now ready to move ahead having recently been drenched and vaccinated. It should be noted there is one Angus/LImousine cross steer with scurs, who is a late last year callf last year and weighs a 100+ kgs. heavier than the rest. These steers would suit all clients and have an extremely quiet temperament and were a pleasure to handle in the yards.. They are all by a Skibo Angus bull .
