	Cattle did run and stir up under pressure and when moving through gateways and in larger yards. Cattle did settle once pressure was removed. Further education would be beneficial. Buyers please note prior to assessing cattle were yarded and trucked 100km to different property and assessed straight away.
Handled With	Bikes , Dogs
Assessor Comments	A nice line of Angus / Angus x steers that are bouncing ahead on current feed and enjoying the spring season. These steers would be ideal backgrounder cattle for a quick trade to put away for the summer and grow out to heavier weights. Cattle were trucked to different property approx 100km away to avoid wet weather/floodwater and were assessed in the same day giving the cattle plenty of curfew. Buyers please note approx 6 steers with old blue eye scaring. Vendor has 3 other lots in the same sale.
