Assessor Comments	A very attractive line of Te Mania blood Angus females, originally purchased out of Mansfield as one mark vendor bred heifers. These cows are very structurally sound, and strong bodied. They had their calves weaned off 3 weeks ago that averaged 300kg after a tight season, they did an outstanding job of producing a quality weaner with good weight while maintaining their own. They are rejoined to Glendalloch Angus bulls for an Autumn calving to commence in early March for a tight 6 weeks. This is a genuine line of Angus females that would be an excellent addition to any astute breeder.
