Assessor Comments	Nice quality line of heifer Calves Heifers are bred out of large frame Charolais/Angus and Shorthorn/Angus cows by high quality Millah Murrah bulls. Calves have came through a tough wet winter and are just starting too really get going Heifers display nice growth for age, show true softness for the breed. A % of the Heifers should meet most Angus markets, . Heifers are still on their Mothers and will remain on them until delivery. Note. calves were runny & flighty when off their mothers, which is natural for a young calf. will need weaning and handling.. Good light weight calves too put away and let grow..
