Quiet: 18 head	Quiet: 17 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

Cattle were excellent to handle in the yards, some of them bordering on docile. They moved through the crush nicely. Low Stress Stock handling techniques used on the property. Cattle are cell grazed so are trained to electric fences.

Handled With	Bikes , Horses , On foot , Vehicles
Assessor Comments	A good quality line of EU accredited Shorthorn and Shorthorn cross yearling heifers, the younger of the drop with the older heifers being retained as breeders. Have been yard weaned. With a good proportion large frame and mostly good bone and conformation these heifers are suitable to background to feeder weights, top end would suit as future breeders. Note they are grass market eligible, never been fed grain. They are also eligible for The Thousand Guineas Beef program.
