These cattle were a pleasure to handle in both the paddock and yards with no fuss at all. Only a couple stirred up in the race. These few were no trouble in the drafting pound and after being let out of race settled once let back in to the mob.

Handled With: Bikes , Dogs , On foot

Notable Traits

	Traits
1 Head	Blue eye with small pink dot. Pinkeye that has almost healed. Not active or weeping.
5 Head	Cloudy eye/old pinkeye scarring
4 Head	Warts (small amount)

Assessor Comments: A quality line of Angus heifers that are really bouncing ahead in weight gain on lucerne paddocks that have hayed off in the heat. Heifers were excellent to handle in the paddock and in the yards as a whole when drafted out of a large mob. The Cobram Farms cattle are always bred from an excellent female base with only select sires used of high quality. These cattle are bred to perform and are renowned for their do-ability with repeat buyers. The bought in portion are of the same quality. These are Millah Murrah & Banquet blood. These nice young heifers would be ideal to feed on to export weights or to join and become quality breeders.
