Assessor Comments	On offer Acc Sovereign Trust (D&M Lumsden) are 37 Medium to large framed ptic Angus cows Bred to the AI Bull Winchester and Murdeduke blood Angus bull to commence calving 15/2/25 for 9 weeks. These cows present in magnificent order and handle extremely well and will fit into any herd. Cows have had all the treatments including an easy dose arrest at assessment and come with my highest recommendation. Calves off these cows in 2024 averaged 385kg at 9 months.Buyers please note vendor will re preg test cows prior to delivery due to preg test falling outside of APlus terms and ensure buyer confidence.
