Very easy cattle to handle. They have had a lot of exposure to handling and yards with regular rotational grazing patterns and this also makes the cattle quiet. They were through the yards and every heifer just took their turn and stood on the scales. Not one heifer moved on the scales during the whole process. Exceptionally quiet

Handled With	Bikes , Vehicles , 4 wheel bike
Assessor Comments	All the Yala Yala cattle are well handled and a pleasure to work. Purchased as the best heifers available specifically to join. A wonderful opportunity to secure quiet cattle to establish an Angus herd or to add to any established herd. Angus bulls in 17/6 and out 24/8 to start expecting calves on or about 26th of March. One heifer has an old pink eye clouded eye that is not detimental to the animal. One heifer has a white navel.
