	All heifers were a pleasure to handle. A small number of heifers become slightly agitated when caught in crush. When returned to mob they soon returned to a calm state. They are all very well handled and were a pleasure to be in the yards with.

Assessor Comments	Buyers here presents and outstanding line of EU Angus x Angus Heifers. The Barramornie Beef cattle have built an outstanding reputation on their quality and overall performance with buyers consistently impressed with the cattle. Plenty of time, effort and money has gone into the breeding of this herd. Top quality Angus genetics are sourced from Glenoch, Rennylea, Clunie Range & Hazeldean Angus Studs with no expense spared. These heifers are showing all the desirable feminine traits that will allow them to grow out to a lovely line of breeders. These heifers would also grow out to a fantastic line of feeder heifers or grassfed finished heifers. These heifers are grassfed and antibiotic free. Buyers, please note 2 heifers had minor blight scaring and is of no detriment at all. This is a tremendous line of weaned EU Angus heifers that must not be missed.
