4 Head	Slight old ring worm patches on head/neck. Not detrimental in the assessors opinion.

Assessor Comments	Quality line of vendor bred Angus steers. These steers are bred out of large to medium frame Angus females with 20+ years of Reiland Angus genetics running through their blood. The vendor has been selecting high indexing sires from Dunoon & Reiland Angus studs with a focus on growth, positive fats & temperament. Previous feedlot buyers have spoken highly about the performance from the vendor's cattle. Provided with the right opportunity these steers will excel for the successful purchaser. These steers are eligible for grass fed programs and are anti-biotic free.
