Assessor Comments	A great line of feeder steers that have the ability to power ahead after experiencing a tougher season. The genetics and breeding are in these cattle, they are currently all frame and are ready to steam ahead. Sired by Brewer Black Simmental and Cascade Angus bulls, out of large frame Angus & Black Baldy cows. These calves were 335kg at 7-8 months of age and unfortunately the rain didn't keep coming, the growth is in these steers but they just need the feed. Excellent temperament. Grass-fed and Antibiotic free. Please call for more information.
