Assessor Comments	Buyers today we have to offer 24 Mixed Sex Weaners. The break up of these Weaners are 13 Heifers, 6 Steers and 5 Bulls. These Weaners were purchased as turnover units from the Dalby Cattle Sale and have really performed since. On assessment it was noted the hard work that has been put into these Weaners with their temperament and great early growth on display. The weaners are an average of 189 kg and already showing great frame. Please note one steer is bigger than the rest as he is the tail end from the last wean. Vendor will offer to band the Bulls if requested by the successful purchaser. Please note the cattle are currently being weaned in the yards, fed with good Barley Hay, Calf Pallets and being tailed out daily on pasture.
