	Heifers were freshly must at time of assessment, theses cattle were mixed with their brother's also in this sale and worked through yards with ease, they walked through crush to weigh platform and out again at a easy pace back with their mates. Only a couple got upset with the weighing process but overall very happy		
Handled With	Bikes , Dogs , On foot , Vehicles		

Assessor Comments	These are a nice even run of heifers ideally, they are suited to a trade job but would be a shame as these would be nice heifers to grow out to keep as future breeders. These Heifers were easy to work with and with the breeding behind them I'm sure you would be impressed with their performance. Either way a nice draft of heifers. There is 2 Heifer found during assessment to have a little patch of white on the underbelly around the navel back
