Assessor Comments	400 Poll dorset x Comp lambs all weighed 38-44kg to average 41.4kg. Late June / July drop, weaned in Nov and Shorn and drenched on the 10/1. They have been on summer crop and corn in feeders since mid Jan. The vendor selects the top rams at Bruan Poll dorsets each year which shows through the lambs. They have length as well as the depth to grow into export lambs. They are normally held for the supermarket though the summer crop is running out so some need to be moved. 400 on a single or 800 will fit on a B double.
