These heifers handled very well on the day and flowed very well through the race with only a handful becoming agitated in crush and settling quickly once released.

Handled With	Bikes , Vehicles
Assessor Comments	126 Senepol/Brahman x heifers with good frame and temperament. Ideal heifers for backgrounding or potential future breeders. Heifers have bounced back after a hot dry summer with the recent rain events having little impact and would expect a large compensation gain after these events and being off feed in the yard for 24 hours once returned to paddock. Very tidy heads with predominantly clean coats.
