Assessor Comments	Buyers a great opportunity to secure a line of VGQ store condition Crossbred steers. These steers are bred out of large framed Angus, Ultra black and crossbred cows by Lawson and Bulliac stud Angus sires, they show predominately good bone, length and depth and have the frame with no fancy condition. Steers had a very trying season after weaning and are now starting to power ahead on good feed after a break 2 months ago with still some good compensatory gains to be had .This is the Crossbred draft out of the Hindmarch no4 steers ideally suited to take through to the heavy feeder market ,alternatively they will suit all Grassfed Bullock programs as no Antibiotics, grain or HGP in their lives. Please note 2 steers have slight blight scarring in one eye not considered detrimental. Vendor has 2decks of Angus brothers this sale
