Medium	90%			Fwd Store	60%

Temperament

Yards	Crush	Paddock
Quiet: 8 head	Quiet: 7 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

A quiet line of crossbred steers easy to handle with only 1 becoming slightly stirry when sent up to be weighed, mouthed then let out. Photos and videos were easy to handle with as steers were quiet enough to allow close up photos and a good video to be obtained.

Handled With Bikes , Dogs , On foot , Vehicles

Assessor Comments Buyers a good small line of crossbred steers as these are only a draft out of a larger mob which are in the same sale & same cattle. A good line of crossbred trade steers to go forward into summer months with all the work done as steers are in forward condition coming off good country west of Tamworth. Steers originally purchased off coastal locations vendor has done a good job keeping dentition low to 0-2T and setting the average to 457kg. Steers would suit going back to the paddock for a short term trade into higher feedlot weights or turning into bullocks for kill job, as stated all hard work is done and creates a good trade opportunity for their next walk of life.
