Very easy to handle 3 dairy x steers. Steers showed no hesitation and walked up and into the yards through to be weighed then into crush to then be mouthed, non of which made any resistance and were a pleasure to handle. Photos were a good			

	difficult as steers were hard to get to stand right and get moving especially for the video all in all a pleasure to handle and assess.

Assessor Comments	Buyers assessed are 3 dairy cross steers out of a larger mob which didn't suit drafts, with good weight for age all milk these steers would be ideal to further grow out into bullocks for kill job over the summer months. Originally purchased from coastal regions all the hard work has been done with steers averaging 486kg and in forward condition all they need is time. Buyers please note vendor has 4 other assessments in sale and are other drafts of the mob.
