Handled With	Bikes , Dogs , Horses
Assessor Comments	Buyers, this is the lead draft of true to type Angus heifers. Heifers weighed 340-455Kg to average 405Kg at assessment. These cattle have had a hard and long winter but are really enjoying the warmer days and harder feed. With a rising plane of nutrition these heifers will power ahead. Heifers had a Coopers Bovilis MH + IBR and 5 in 1 at assessment. These are an ideal article to join straight with a bull or put straight on feed for the kill market.
