1 Head	Active Pink Eye - Treated with Orbenin Cream

Assessor Comments	A very good line of Angus Heifers that are out of cows purchased PTIC from Mosquito Creek Angus. Typical of unweaned cattle heifers did want to run about in yards but with proper weaning should settle down. Very well bred heifers that are well grown and show good feminine characteristics. Ideal heifers to take through to trade/export feeder weights or to keep a quality breeders. Note vendor has another lot of heifers this sale as well as 2 lots of steers.
Assessor	**Alex Paterson (Level 2 Accredited)** Phone: 0407 655 815
