	1 Head	Old pinkeye scar in one eye
	4 Head	White on belly/navel

Assessor Comments	An outstanding line of very well-bred Weaner Heifers with many years of breeding. Vendor conducts a yearly AI program. The herd is based on Pathfinder, Texas Angus genetics with Booroomooka genetics being used in recent years with a focus on growth, fertility, IMF and overall performance. Heifers were a pleasure to handle through the yards. Ideal heifers to retain as future breeders or grow out on crop for the domestic trade. No Grain and No Antibiotics. NOTE: All heifers are black coated but 4 heifers have white on belly/navel and 1 heifer has fleck of blue roan in coat. Vendor has another lot of heifers and 2 lots of steers in this sale
