Assessor Comments	Quality line of late spring drop vendor bred Angus steers. Very well-bred steers being bred out of medium to large frame Bongongo, Rennylea & Reiland Angus blood mothers and sired by high indexing Bongongo, Reiland & Flemington Angus Bulls. Since weaning these cattle have been powering ahead. These steer weaners are showing excellent growth & weight for their age at 4/5 months and would be suitable cattle for any backgrounding or finishing program. Steers have been yard weaned and have had all the health treatments and are ready to steam ahead. The vendor is also selling 71 Angus heifers in the same sale today. Excellent opportunity to put 125 very well-bred Angus weaners back together.
