Assessor Comments: Terrific Autumn drop Angus and Angus cross weaners, genuine light weight well bred calves that are hard to find and buy at this weight. They are very well bred calves by Wattletop angus bulls out of cows bred in the central tablelands. The calves have plenty of length and stretch about them and are not carrying excess condition. They are very even overall in the weight range and only 5 baldies amongst them Ideal calves to tip out now for the winter markets next year, with no sales for a few weeks, great opportunity to buy cattle and put away now.
