Assessor Comments	A good even line of young Friesian steers that will be ideal to take onto heavier weights. All the hard work has been done, the steers have really started to power on over the last month with the mob averaging 15 kg weight gain since 16/11/22, on natural grass country. Out of SMITH DAIRIES proven cow herd. The steers will continue to grow and develop given the chance. All health treatments up to date. Please note that 2 steers have old scarring in a single eye, considered not detrimental.
