Assessor Comments	A good quality line of 500 ORGANIC (see Certificate in documents) vendor bred White Dorper & Dorper x ewe lambs - showing plenty of bloom & condition, estimated age 6-9 months, weighed 29 to 52 kgs to avg 39 kgs after a 36 hr curfew. These are AS DROPPED, not classed out etc. Lambs were weaned some time ago. An obvious 10% tail of the ewe lambs has been removed including any ewes lacking growth, condition etc. These are a good line of very productive ewe lambs! Ideal ewes for flock replacement or to fatten for the works. NB: Mostly all with docked tails, an odd one isn't. Feedlot buyers taking lambs a long distance in hot weather, please allow for additional shrinkage, if any. Please note 2 lines of 500 ewe lambs, so just a run out the gate to split the lines.
