Assessor Comments	A good line of Angus and Angus cross cows 3-8 years of age, predominately Gunda Park and Texas blood, PTIC to Millah Murrah blood Angus bulls. These cows are well set with good frame and condition. They were all mouthed with majority good sound teeth with the exception of an odd younger mouth. They are due to commence calving from early March onwards with only 1 blue tag the balance testing red tag. 7 cows had an old blue scar on eye and 6 Angus cows had white on udder. Vendor will offer another Line of PTIC Santa cross cows in the same sale. Odd cow stirred up after being handled in crush but settled back into mob. A great opportunity to purchase a line of mature age cows to calve down in the Autumn.
