Assessor Comments	19 exceptional full blood Wagyu Heifers, each a prime example of organic, coastal bred excellence. Raised as part of a highly successful paddock to plate company, these Heifers are an average weight of 233kg on delivery. Their premium quality is a result of careful breeding and organic practices, ensuring marbled meat. With their coastal lineage, the Heifers have grazed on nutrient rich pastures, to secure top tier cattle, ideal for those seeking superior beef production. Please note in photos it will show all blood lines of bulls and organic status. Also please note few Heifers showing blue eye and wounds on hide due to fly bite. These cattle are in the tick zone and require clearing before moving tick free. This will be at the purchases expense. Vendor has Steers in the same sale.
