	These heifers are very quiet to handle which is typical of the Booroomooka cattle . They are well handled mostly on horse back and dogs .
Handled With	Bikes , Dogs , Horses
Assessor Comments	An exceptional line of heifers that are bred in the purple. They are pure Booroomooka blood and are by some of the leading sires in the Booroomooka herd and Angus breed. They show very good confirmation and stand on good leg structure and bone. They represent a great opportunity for someone to buy and join to the bull of your choice with the genetic traits of the Booroomooka female herd . A number of heifers were notably cycling at assessment . Please note this is a lot of 90 being a walk out the gate of 287. These come with agents highest recommendation.
