Perfectly educated weaners, exactly how you always would want to buy them. Pleasure to handle, not so much as a look sideways on the scales. Credit to the vendors

Handled With: Bikes , Horses , On foot , Vehicles

Assessor Comments: A very neat tabletop load of Angus weaner steers. By the Rennylea, TeMania & Texas and AI sires ex a very nice cow herd

	these steers show plenty of scale and capacity to grow. Yard weaned back at the start of the month they are primed to power on from here. Extremely quiet after a proper weaning and handling routine, the only disappointing feature is there is 23 of them and not a full three decks! This being the case we have extended delivery to cover the up coming CTLX Blue Ribbon Weaner sales series, so happy to work in to fill a load if required. If the number suits you wont go wrong here, well worth a close consideration.
