Quiet, sensible young heifers that were calm and co-operative away from their mothers.

Assessor Comments	A very good quality line of young Milla Murra Blood Heifers. These heifers were purchased with their mothers as cows and calves in early march and have done particularly well given the wet season. These soft heifers are out of medium frame cows, are sired by high indexing Milla Murra bulls, and represent an opportunity to keep as future breeders, or to carry through the spring into feeder, or trade markets. Buyers please note - At the time of assessment 4 heifers were exhibiting signs of ringworm around the head, and face. Please reference photos.
