Assessor Comments	An even line of Angus heifer yearlings 10-12 months of age and improving quickly on quality feed. Majority (19) are vendor bred Millah Murrah and Rennylea blood the balance were selectively purchased on their quality. They were quiet and easy to handle, they are up to date with all their animal health and are in perfect condition to join to bull of choice from now onwards. 3 heifers had a blue scar on one eye. 2 heifers with small patch of white on belly and udder. Odd heifer still has small lump behind ear from vaccination. 1 heifer has small scattering of warts on head. A great opportunity to secure a well bred line of quality future breeders.
