Assessor Comments	A outstanding line of weaned vendor bred Angus heifers. These Mundarra blood heifers weighted between 300 and 395kg and averaged 317kg empty. These heifers are the tops of the drop and are just starting to jump ahead with the warmer weather after a cold and wet winter. These ideal future breeders are perfect to take home and join to the bull of your choice. These heifers were a pleasure to handle and come highly recommend. Buy with confidence.
