Assessor Comments	Buyers, presented for sale are 16 Weaned Angus and Angus X Heifers. Averaging 248.6Kg at assessment after a 12 hour lock up and topping at 280Kg, these heifers are the ideal article to take on over the Spring and Summer months to grow out and fatten into feeder and killable weights. In forward store condition, these heifers will react well given the opportunity on productive spring feed. November-December 2021 Drop, plenty of time ahead for these cattle to mature and grow. These heifers were quiet to handle and would suit a smaller inexperienced operator as well as a cattle trading enterprise.
