| Assessor Comments | Buyers, presented for sale are 29 Feeder Angus Steers. These Steers are vendor bred, sired by Dalwhinnie and Te Mania Angus Bulls and are out of Millah Murrah and Karoo blood Angus cows. Averaging 406.4Kg at assessment after a long 9 hour curfew off food and water, these steers have reacted very well to the early spring warmer conditions averaging 1.5Kg weight gain per day since last weighing in early August. August/September 2021 drop, steers are medium to large framed with even depth throughout their bodies and sound fat cover coming through their carcass. Easy to handle and quiet steers through the yards. Well managed, drenched, vaccinated and yard weaned. 1 steer was noted to have old pink eye scarring. A great opportunity to secure a well bred article of Angus steers that will continue to power ahead to heavier feeder weights or fat killable steers. A tail has been removed and will be offered as a seperate lot in the sale. |
