Assessor Comments	A good to very good quality line of vendor bred steers. Steers were yard weaned in mid March onto hay & Woods Grain Weaner Pellets. They are sired by a Panorama Farms Speckle Park bull (PSFS20) over mostly Speckle Park or British/Euro cross cows. Steers were held in a nearby holding yard overnight with some feed and were assessed the next morning. Steers were very good to handle in the yards & crush. 75% Medium framed with the remainder large framed, these steers would suit to take to domestic feeder weights then onto export weights for a range of markets. Please note one steer with blue eye scarring in one eye at assessment. Steers had their first shot of 7 in 1 in November 2024 and were treated with Mectec Pour On in March. Located 18km East of Goondiwindi on the Cunningham Hwy.
