	The odd steer became agitated in the weighbox however settled well when back in the mob. Generally good cattle to handle.		
Handled With	Bikes , Vehicles		

Assessor Comments	A very good quality draft of feeder steers. These cattle show great growth for age & have plenty of length, depth & bone. They are up to date with their health treatments & have had their first shot of Bovilis MH + IBR. Two of these steers were observed to have an old pinkeye scar in one eye, no vision issues. These cattle would be ideal to feed for a domestic job or to grow on to export weights.
