Very quiet females that were a pleasure to handle! Rarely are cattle this quiet when part of such a large scale operation. All brought from the back yards easily by a single lady handler, with the race slide being left open for the entire duration. All females self fed up the race & on to the scales without hassle, stood quietly on the scales and exited at a walk. All exited the yards calmly for photos and quietly grazed around without concern. A delight to handle & a true credit to the vendor.
