Assessor Comments	Buyers, presented for sale are 11 NSM Angus Heifers. Averaging 246.9Kg, ranging from 221Kg to 267Kg full, these heifers have reacted favorably to the desirable warmer spring conditions and will continue to push forward to joinable or feeder weights. Vendor bred, sired by Millah Murrah and Milwillah Angus Bulls and out of medium to large framed Millah Murrah and Milwillah blood Angus cows. Health management of these heifers is more then adequate as they have received multiple vaccinations including Pestiguard, Multimin, 7 in 1 and multiple drenches. Heifers were deloused at assessment as rubbing was evident on 3 heifers shoulders and neck, not to be considered detrimental to their future performance, see photos for visual explanation. A well bred article of vendor bred, Weaned Angus Heifers to take on over the warmer months to continue to grow and mature into feeder, killable or joinable weights.
