Assessor Comments	Excellent quality draft of heifers which were all weighed above 300 kg and have had a tail removed from them. These heifers would be a great opportunity for someone to take away and put into their Angus breeding herd as a herd start up or as additional breeders. . The Milong cattle are noted by previous purchasers as doing very well and this consignment should prove to do the same. At assessment noted a small percentage of heifers with ringworm and noted 3 heifers with a very slight blue eye that will not affect their performance or ability to breed. Very good quality cattle that should suit the most discerning Angus breeder.
