Assessor Comments	An outstanding draft of "Okeview" steers that are extremely even weighing 390-417 kg and will suit the most discerning buyer as far as quality and weight range are concerned. Okeview spare no expense in purchasing top end bulls throughout the Hereford world and these genetics really show through in these steers, they are not over done in condition for

prospective purchaser and will continue to power on weather that be on grass or in a feedlot. In my opinion these are the some of best steers that we have offered to the market at this age with top end genetics really showing through. A1 steers that are antibiotic free and grass fed. Please note there is another 84 steers very similar in weight in today's sale.
