Assessor Comments	These heifers were purchased out of the Emerald Saleyard on the 7/06/24 & 29/08/24 as baby weaner heifers, with the vendor having the idea to take them through to feeder weights. Due to no fault of their own these heifers are being sold to make way for new season weaners. It was a very late season at “Mostly Hills”, with no rain falling until the end of January 2025. With that in mind these heifers have performed very well given the circumstances and have started hitting their straps, these heifers present with a lot of opportunity for the buyer to have some serious gain as they are moving forward in leaps & bounds. Please note the heifers have not been pre treated for ticks so please take this into consideration. VENDOR HAS ANOTHER LINE IN SALE
