Assessor Comments	A line of 44 young cows with good Angus calves at foot. The cows are majority well framed and will grow out to be big framed cows. The Cows are 90% 2022 drop with the other 10% being 2021 & 2023 born. Majority are on their second calf so they have proven to be fertile. There is a few small cows on their first calf and will grow out on the right feed. The calves averaged 110kg and are good soft Angus X calves. The cows have been running back with the same Angus Bull since calves stared to be born. Please note that the vendor is offering free delivery for buyers in a 300k radius of Glenample Aramac. 1 Cow in the mob had Pinkeye at assessment and she was treated.
