An exceptionally quiet and docile mob of well educated young cows that can easily be described as very placid and content. The calves are also noticeably quiet and calm. They were very easy to walk around in the yards, race and crush and well mannered at all times needing pushing out of the way when boxed with calves for photos.

Assessor Comments

Very quiet Angus cross first calvers with good quality calves at foot and continually running with the same Charolais, Angus & Red Angus bulls. Approx half of the calves branded in December and the other half unbranded. Steers - 164kg & males - 107kg, Heifers - 149kg & unbranded 95kg to av overall 130kg. An estimated 14 calves weanable with 16 calves under 100kg the balance over. 6 smaller #3 heifers by age yet have very good calves at foot with the balance a spread of medium to medium plus frame relative to the age.
