U50 was quiet to handle.

Handled With	Bikes , Dogs , Horses , On foot

Assessor Comments	A rare opportunity to secure a quality registered females with plenty of power in their pedigree, on account of Crescent Nine Limousin Stud. The Crescent Nine females display outstanding quality both genetically and phenotypically. The females display the renowned Limousin traits of muscling, meat yield and weight for age, while also displaying softness and bone. Vendor maintains a commercial focus within the herd to uphold fertility, functionality, and a quiet temperament. These females are on offer due to no fault of their own and are only available due to a change of breeding direction, therefore a genuine Limousin stud herd reduction. An opportunity to secure some rare genetics in this powerful yearling heifer! See video and photos for further description and pedigrees.
Assessor	**Joshua Heck (Level 2 Accredited)** Parallel Assessed By : William Hogan
